---------------	-------	--------	------

Student ID: _____ Homeroom Teacher: _____

Parent or Guardian Name:	First	Last
--------------------------	-------	------

Parent Email Address: _____

Serial Number: _____

Upon our signing of this agreement, the student is receiving possession of a working Chromebook™ computer. We have read and understand the Our Lady of the Greenwood Technology Policy, User Guide and Internet Use Policy. These policies are incorporated by reference into this agreement. We promise to abide by these policies and understand that receipt of an OLG computer is a privilege that may be forfeited by noncompliance with the policy. Students may be subject to disciplinary measures and may be required to make full financial restitution for any unauthorized expenses incurred or any damages caused to a Chromebook™.

Student
I, _____, recognize the technical sophistication and expense of the equipment I am being entrusted to operate in the OLG Technology Program. I acknowledge that it is a privilege I share with others and that there is a shared trust among us all to protect the hardware and software. My signature below constitutes my pledge that I will not damage or disable the hardware or software entrusted to me, or behave in a manner which might lead to accidental damage to the equipment or injury to others or myself. I further understand that it is unlawful to copy or remove software programs from the device. My signature on the line below acknowledges that I have read and understand the regulations in policy, user guide and internet use agreement including those concerning acceptable and unacceptable use, computer security, and proper care of the equipment. I further understand that I may be prevented from working with technology resources located at OLG if I violate my pledge and fail to abide by the rules and regulations governing my use of technology at OLG.

Parent/Guardian
As a parent or guardian, I recognize the importance of the above pledge my child has made. I promise to support OLG administration and faculty in developing students who accept responsibility for their own learning and actions with the Technology Program.
